

Today is Sept.14,2005.as i was watching television tonight i came across channel 22 MCTV.On the program was N.H.CitizensCommission on The state courts,i agree with the ladies and gentlemen that were on the program about the court systems being in a very bad state.I myself have had bad experiences with the court system,i agree that changes need to be made,the system in my opinion is not doing what they should be doing to protect our children.The judges are not doing their jobs correctly,they think they have the right to do anything they please be it breaking the laws themselves.The system should be looked at by a panel i'm not sure who does that type of investigating,but i do believe it needs to be done.I'm very interested in the changes that need to be made,and i will check this site periodically.Thank You very much for listening
