

Certainly being in a court situation can be stressful, and those who smoke may feel more comfortable smoking, but a smoking area should be set up at least 25 feet from the Court House door. In Rockingham County there is a sign prominently posted saying "no smoking" and smokers sit under the sign smoking. No one enforces the no smoking request. Given our current focus on reducing health care costs in NH, this could be one way to set a positive example of caring for the health of our citizens and County employees.
