

1. What experience do you have with the state courts?

I was tried and plead guilty to blocking the door to an abortion clinic (as part of a plea bargain). The charges were criminal trespassing, and criminal mischief.

Abortion (at the time) was against state law. I notified the court I intended to rely on the defense of another as my justification for doing so and the courts refused to permit me to defend myself with that defense. However, they did permit Guy Chichester to rely on that defense for cutting down a utility pole. In my case there was a much more immediate danger to the life of real pre-born children.

The judicial system in New Hampshire is a sham. It is not about finding the truth. It is about protecting the left-wing and immoral status quo.

2. Where do you get your information about the state courts?

First hand experience in court.

3. How much do you know about how the state courts operate?

Enough to know they do not work if you seek justice. They don't care about the truth.
